**Difficult access works at height,  
Caves and/or mid confined (ATEX)**

## Difficult access

**Safe height**

**INDUSTRY - BUILDING and PUBLIC WORKS - ENERGY (Plants) -  
CIVIL ENGINEERING STRUCTURES - COLLECTIVITIES**

# Difficult access works at height, Caves and/or mid confined (ATEX)

## Safety support for on-site difficult access

- ◆ Study and implementation of specific Modus Operandi to secure specialized operators

## Installation, maintenance and fall protection:

- ◆ Anchors, lifeline, crinoline ladder, railing, safety nets...

## Construction works, maintenance, inspection, control:

- ◆ Industry, food industry, petrochemical, steel industry, NDT...
- ◆ Tank, silo, chimney, hopper, facilities, high equipment...
- ◆ Energy production plants, incineration and waste treatment, pollution...

## Emergency safety interventions to carry out work following claim

- ◆ Mobilization, coordinating teams and operational team management
